

(Acts adopted under Title V of the Treaty on European Union)

**COUNCIL COMMON POSITION 2006/242/CFSP**

**of 20 March 2006**

**relating to the 2006 Review Conference of the Biological and Toxin Weapons Convention (BTWC)**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Article 15 thereof,

Whereas:

(1) The European Union considers the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction (BTWC) as a key component of the international non-proliferation and disarmament framework and the cornerstone of efforts to prevent biological agents and toxins from ever being developed and used as weapons. Furthermore, the European Union remains committed to the development of measures to verify compliance with the BTWC in the longer term.

(2) On 17 May 1999, the Council adopted Common Position 1999/346/CFSP <sup>(1)</sup> relating to progress towards a legally binding Protocol to strengthen compliance with the BTWC and on 25 June 1996, Common Position 96/408/CFSP <sup>(2)</sup> relating to preparation for the Fourth Review Conference of the BTWC.

(3) On 17 November 2003 the Council adopted Common Position 2003/805/CFSP on the universalisation and reinforcement of multilateral agreements in the field of non-proliferation of weapons of mass destruction and means of delivery <sup>(3)</sup>. Under that Common Position, the BTWC is included as one of these multilateral agreements.

(4) On 12 December 2003, the European Council adopted a Strategy against the Proliferation of Weapons of Mass Destruction which aims, *inter alia*, at reinforcing the BTWC, continuing reflection on verification of the BTWC, supporting national implementation of the BTWC, including through penal legislation, and strengthening compliance with it.

(5) On 28 April 2004, the United Nations Security Council unanimously adopted Resolution 1540 (2004) describing the proliferation of weapons of mass destruction and their means of delivery as a threat to international peace and security. Implementation of the provisions of this Resolution contributes to implementation of the BTWC.

(6) On 1 June 2004, the Council adopted a statement of support for the Proliferation Security Initiative on Weapons of Mass Destruction.

(7) On 14 November 2002, the States Parties to the BTWC decided, by consensus, to hold three annual meetings of States Parties of one week duration commencing in 2003 until the Sixth Review Conference, to be held not later than the end of 2006. Each meeting of the States Parties would be prepared by a two-week meeting of experts, and the Sixth Review Conference would consider the work of these meetings and decide on any further action. The States Parties decided that the Sixth Review Conference would be held in Geneva in 2006, and would be preceded by a Preparatory Committee.

(8) On 13 December 1982, the United Nations General Assembly adopted a Resolution (A/RES/37/98) on Chemical and Bacteriological (Biological) Weapons requesting the United Nations Secretary-General to investigate information that may be brought to his attention concerning activities that may constitute a violation of the 1925 Geneva Protocol. On 26 August 1988 the United Nations Security Council adopted Resolution 620 which, *inter alia*, encourages the Secretary-General to carry out promptly investigations in response to allegations concerning the possible use of chemical and bacteriological (biological) or toxin weapons that may constitute a violation of the 1925 Geneva Protocol.

(9) On 27 February 2006, the European Union agreed on a Joint Action in respect of the BTWC with the objectives of promoting universality of the BTWC and supporting its implementation by States Parties in order to ensure that States Parties transpose the international obligations of the BTWC into their national legislation and administrative measures.

<sup>(2)</sup> OJ L 168, 6.7.1996, p. 3.

<sup>(3)</sup> OJ L 302, 20.11.2003, p. 34.

- (10) In parallel with the Joint Action, the European Union agreed on an Action Plan in respect of the BTWC in which Member States undertook to submit Confidence Building Measures returns to the United Nations in April 2006 and lists of relevant experts and laboratories to the United Nations Secretary-General to facilitate any investigation of alleged chemical and biological weapons use.
- (11) In the light of the forthcoming BTWC Review Conference during the period 20 November to 8 December 2006 and its Preparatory Committee 26 to 28 April 2006, it is appropriate to update the European Union position,

HAS ADOPTED THIS COMMON POSITION:
