

## **Addenda to the Examination and Assessment Regulations for 2020-21**

### **1. Progression and Award Regulations**

#### Regulation 231 Repeat stages of study

The offer of a repeat undergraduate stage of study may be made at the Summer Progression and Award Board (PAB) where a choice of a repeat stage or resits may be given to students with fewer than 90 credits. A repeat stage may also be offered by the Resit PAB, following a resit opportunity.

### **2. Exceptional Circumstances**

#### Regulation 14

**Examples of inadmissible cases and evidence (no further opportunity to submit evidence will be given):**

(vii) Personal computer problem, theft/loss, data loss and/or printer problems (students should ensure that work is backed up separately).

Remove (vii): a claim may be made related to access to IT or internet.

### **3. Students with a Declared Disability**

An amendment was made to Annex A of the regulations regarding extra time for exams as a reasonable adjustment for students. Students with 50% additional time for exam modes will be given a further 15 minutes for resting in exams of less than 60 minutes.

### **4. Regulations for postgraduate courses offered collaboratively with Zhejiang Gongshang University**

The [PGT Examination and Assessment Regulations for 2020-21](#) are set out separately for the following courses offered collaboratively with Zhejiang Gongshang University:

- MSc Intelligent and Adaptive Systems
- MSc Robotics and Autonomous System

### **5. Regulations for undergraduate courses offered collaboratively with Zhejiang Gongshang University**

The [UG Examination and Assessment Regulations for 2020-21](#) are set out separately for the following dual degrees jointly delivered with Zhejiang Gongshang University:

- BEng Robotics and Electrical Engineering
- BEng Communication Engineering

**ADQE June 2021 (updated July 2021 to include point 5)**
