

THE MATERIAL EXPLORATORY

A materials masterclass to change the way you think about and use materials in design.

Chris Lefteri

An accomplished designer in his own right Chris Lefteri is an internationally recognised authority on materials and their application in design. He studied under Professor Daniel Weil on the Industrial Design course at the Royal College of Art. He has since run his own practise specialising in materials for designers. His books include seven titles in the "Materials for Inspirational Design" series covering Plastic, Wood, Glass, Metals and Ceramics. His latest book "Making It" deals with the production of eighty designed objects and is launched in June 2007. He was also responsible for curating and designing 100% Materials at 100% Design in 2006.

BRING: to the Design Masterclass,
Sample size materials you find interesting (any size) & a flat, flexible sheet of material A4 or less.

THINK: favorite material memory,
Think about a memory of a material from your childhood or past experience, bring those thoughts with you to the Design Masterclass.

ENGAGE: with the MATERIAL exploratory on,

28th February 2007 2 - 5pm

Design Studio, Engineering 2, University of Sussex

Places are limited. If you would like to book a place on this Materials Design Masterclass, then please email Tamara, InQbate's Co-ordinator @ T.J.Violaris@sussex.ac.uk, to secure your place.
