

Prof. Carlos Larrea

Universidad Andina

Simon Bolivar

Ecuador

Lunchtime CWEH seminar

Bramber House 231

on Monday 29 June 2015 1pm-2.30pm

5 years of keeping oil underground in the Yasuni-ITT Initiative in Ecuador, and the global prospects for keeping fossil fuels underground.

Link to The Guardian, to Prof Larrea's article, published with María Rosa Murmis, about keeping fossil fuels underground:

[We can start leaving the oil in the ground right now – here's how | Maria Rosa Murmis and Carlos Larrea](#)
