

Welcome new Undergraduate Students 2018/19!

Dear Student:

It is a pleasure to welcome you to Product Design in the School of Engineering and Informatics. The Product Design staff are very pleased that you have accepted our offer to study with us at the University of Sussex.

Our Product Design course has a respected reputation for design education.

The course is fast-moving, in a forward-thinking and creative environment in which you will be a key member of our community of students, educators, practitioners and researchers.

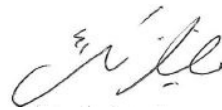

We recognise that higher education offers new and creative challenges. Over your course of study, you will be supported in discovering new abilities and insights to yourself and your work. Through your journey, we expect you will contribute to your course, the School and the faculty with enthusiasm, dedication and passion.

We very much look forward to meeting with you at our welcome week on the 18th September at 11:00.

Yours sincerely,

Clare Harris
Teaching Fellow in Design and Creativity
On behalf of the Product Design Team

Maziar Nekovee
Head of Department
Engineering & Product Design
