Matrix steel storage

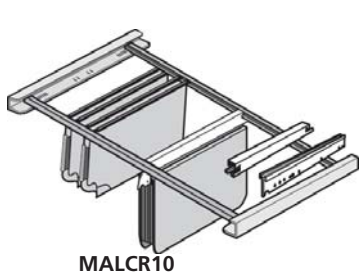

Matrix houses over 33% more than conventional filing cabinets, yet takes up less space.

Matrix side opening tambour units are fitted with an attractive ribbed tambour and include height levellers on all units. The anti-tilt interlocking mechanism is essential when two or more pull-out accessories are fitted in a unit. Pull-out accessories should not be fitted above 50% of the height unit.

Pebble is a superb seating option for a multitude of informal meeting spaces or corporate break-out areas where people may come together for only a brief period to chat, to have a drink or just rest a while. Its design allows for user interactivity as it can be nested with other “Pebbles” arranged in a scattered format or even used individually as a stand alone piece.

Whether in bright, fun coloured upholstery or in calming, natural and mellow leather, Pebble is an exciting, flexible concept for both contemporary and traditional interior spaces.
