

### This week at Sussex

#### Monday 24 April 2023

#### Welcome to the first edition of *This week at Sussex*

This week at Sussex is our brand new weekly newsletter that will land in your inbox at the start of the working week. As you will be aware, our weekly newsletter previously came out on a Friday but from this week all that has changed!

From now on you will receive a Monday email that features weekly calls for action and important news for the week ahead. Then every other Thursday we will send out *Sussex in focus*, a newsletter highlighting stories from the Sussex community.

The new formats have been created with staff input and feedback. Thank you to everyone who has helped us develop the newsletters and consulted on them. We hope you enjoy reading it and if you have any feedback or suggestions, please complete our <u>feedback form</u> or email the <u>Internal</u> Communications Team.

# Have your say in the facilities management consultation

<u>Take the survey</u> now for a chance to win high street vouchers.

# Professor Michael Lipton dies aged 86

<u>Professor Lipton</u>, the last surviving founding faculty member, died on 1 April, aged 86.
