Assessment Convening User Guide

Colin Clark 25th April 2008 Jane Monaghan 28th May 2010 (updated)

Overview

The assessment convening pages have been developed as an extension of the convening pages which used to just deal with coursework assessments.

The assessment convening pages provide a view of non-coursework formal assessments as well as containing the existing functionality for working with coursework marks.

Where to get help

Help with the Assessment Convening Pages is available from BIS Help (http://www.sussex.ac.uk/its/help/bishelp)_or from Colin Clark (<u>c.m.clark@sussex.ac.uk</u>, x3157, 01273 873157).

Revisions:

Contents

1.0 Assessment Convening - this section describes the content of each screen in detail

- 1.1 Course Details
- 1.2 Candidate List
- 1.3 Marks Summary
- 1.4 Convenor Assessment page
 - 1.4.1 Convenor Record Marks
- 1.5 Action List

2.0 Assessment Cycle - this section explains the context in which the system is used

- 2.1 August/September
- 2.2 Autumn Term
- 2.3 Late Autumn Term
- 2.4 Spring Term
- 2.5 Summer Term
- 2.6 Summer Vacation/Early Autumn term

3.0 Assessment Convenor Actions – this section describes how assessment convenors should use the Assessment Convening pages.

- 3.1 Check pattern of assessment and coursework conflation rule
- 3.2 Complete coursework deadlines
- 3.3 Delegate marks entry to a teaching group (optional)
- 3.4 Input marks
- 3.5 Check that tutors have entered and sent marks
- 3.6 Release/Unrelease marks
- 3.7 Conflate the marks and check the result
- 3.8 Send the marks to the exams system

1.0 Assessment Convening

The main Assessment Convening page is reached by choosing 'Assessment Convening' from your teaching menu.

	Actor (M1541)							Essay (70%)	UGO record marks		

By default all the courses which you are currently recorded as Assessment Convenor for will be listed. The list of courses can be shortened using the search criteria 'level', 'mode type', 'course', and 'year' in the green header of the table.

Level	The credit level of the courses

Mode Type	Used to select normal, resit, special or V&E. The mode of assessment for a course
	sometimes changes from normal when students take a resit, have special
	examination arrangements or are visiting students.
Course	Lets you pick a particular course (drop down contains course titles)

Year Academic year

The columns in the	ne Assessment Convening table are as follows:
Level	The credit level of the course. 0, 1, 2, 3, M.
Course	The course name and code (link to course details from course code)
Terms	The term(s) in which the course is taught
Students	Shows the number of students on a course, and the number of teaching groups set up for the course. Clicking on the numbers leads to a list of student, or a list of teaching groups.
Timing	Used to indicate which cycle of assessment the marks belong to. Will usually be 'Normal'. Normal for undergraduate students means that the initial attempt is taken prior to the summer examination boards and any subsequent attempt is taken in the summer vacation prior to the September resit exam board meetings. Sometimes students intermit and resit examinations in the summer term – these will have 'Summer' in the timing column. The timing attribute is used to distinguish between resits taken in the Summer term and resits taken during the Summer Vacation.
Mode Type	Mode type for the marks. A course may have more than one mode type. A mode type contains a group of assessments. All courses have a 'Normal' mode type which defines the default assessments for the course. Most courses have a 'Resit' mode type which defines the resit mode(s) of assessment for the course. Sometimes courses have a 'Special' mode type which is used for students whose needs lead to them being given an alternative mode of assessment so that they are not disadvantaged. Sometimes courses have different modes of assessment for visiting students – these are defined under the V&E mode type.
Candidates	Shows the number of students entered for assessment on the course/mode type/timing. Clicking on the number leads to a list of the candidates showing basic anonymous details.
Marks	Clicking on the number in this column leads to a summary of the marks for this course. Marks for sub assessments are shown and when all sub assessment marks are present the overall mark for each student is shown. If there is coursework the overall coursework mark for each candidate can be clicked leading to a breakdown of the coursework marks for the candidate.
Mode(Weight)	Shows each assessment mode for the course and the weight which it contributes to the overall course mark. When the mode of assessment is coursework the number of coursework assessments is shown. Clicking on the number of assessment leads to the coursework management pages.
Action List	Shows next action required for course, or if no action is due, shows current status of course marks.

1.1 Course Details

Clicking on the link on **course code** in the assessment convening page takes you to the Course Details pages:

1.3 Marks Summary

Clicking on the link in the **marks** column on the assessment convening page leads to a table showing the overall mark for each candidate and all the sub assessment marks for the course.

The grid of marks builds over time, when there is a complete set of marks for each sub assessment they are shown, and when all the sub assessment marks are present the overall marks are shown.

* Use the links in th	e Delega	ted To	column to	o view o	r edit gene	eral fee	dback entered	by tutors					

On this page the assessment convenor must complete deadline details if any deadline information is highlighted in pink (*details in section 3.2*).

On this page the assessment convenor may delegate 'marks input' to teaching group tutors. Marks input of each assessment can be allocated to a particular teaching group type e.g. Seminars (*details in section 3.3*).

On this page the assessment convenor may use the conflate/send button to access the screen where marks are conflated and sent to the exams system (*details in sections 3.6 and 3.7*)

If the status column for any assessent says 'Assessment Not Generated' – please contact your School's curriculum team.

1.4.1 Convenor Record Marks

Clicking on the number of completed assessments in the status column of the coursework

assessment page takes you to the convenor record marks page (see section 3.4 for details).

2.0 Database Assessment Cycle

A brief outline of how taught programmes assessment background data is set up on the database for each academic year will help to explain some of the statuses that you see on the Assessment Convening pages.

2.1 August/September

School Curriculum Administrators check assessment data recorded against courses in the programmes specifications database

2.2September/Autumn Term

Student Progress and Assessment office create records in the database which represent each assessment in the current academic year. Until this is done assessments will have 'Assessment not generated' in the status column on the assessment convening page. If you see 'Assessment not generated' for an assessment you need to work with please contact your School's Curriculum Administrator in the first instance.

2.3 Late Autumn Term

Student Progress and Assessment office create assessment records ('marks records') for students in the exams system based on the teaching records from CMS. This process is timed so it is done after students have settled on courses and the period for 'routine' programme transfers has passed, so that when the marks records are created in the exams system they are reasonably accurate. The mark records need to be independent from teaching records as sometimes students are taught a course but not assessed on it, and conversely students are often assessed but not taught (e.g. summer resit students).

Assessment convenors start to conflate and send coursework marks to exams system for courses where all coursework marks have been input.

2.4 Spring Term

Assessment convenors continue to conflate and send coursework marks to exams system for courses where all coursework marks have been input.

2.5 Summer Term

Assessment convenors continue to conflate and send coursework marks to exams system for courses where all coursework marks have been input.

Department administrative staff/Student Progress and Assessment office input non-coursework marks

2.6 Summer Vacation/Early Autumn term

Department administrative staff/Student Progress and Assessment office input non-coursework marks for postgraduate taught course, projects and dissertations.

Marks input is completed prior to relevant exam board meetings

3.0 Assessment Convenor Actions

Prior to the start of the term in which the teaching of a course commences the assessment convenor should check the pattern of assessment and conflation rule, complete incomplete coursework deadlines and delegate marks input if required.

During the teaching of the course the assessment convenor should:

Input marks within 15 days of assessment deadlines OR *Check that tutors made responsible for marks input have input marks within 15 days of assessment deadlines and sent them to the assessment convenor*

3.1 Check pattern of assessment and coursework conflation rule

Either use the web report mentioning in section 1.1 or to just check coursework assessments:

1) Choose Convening > Assessment Convening from the Teaching Menu then click on the 'assessments' link in the 'Mode (Weight)' column.

You can see the informat	ion you should check in the picture below
Conflation Rule	at the right hand side of the green header
	Weighted – weights recorded in programme specifications database are
	used (these are displayed in the Weight column of the convenor
	assessment table). Equal Weighting - all the coursework assessments are
	equally weighted
	(the weighting column displays a calculated weight by dividing 100 by the
	number of assessments)
	Best N – the best n marks are used and weighted equally
Туре	the assessment modes of the coursework assessments
Weight	the weighting of each assessment (unless conflation rule is best n)
Max Mark	the highest possible mark for the assessment (the marking scale), often
	100 reflecting a percentage marking scale
Term	the term in which the assessment takes place/submission is due
Week	the week of the term in which the assessment takes place/submission is
	due
Day	the day of the week on which the assessment takes place/submission is
	due
Time	the time at which the assessment takes place/submission is due
Submission Point	the submission point for the assessment
Tutor Amend timing	You can allow the tutor to amend the timing

Amend Submission Point You can allow the tutor to amend the submission point

* Use the lin	* Use the links in the Delegated To column to view or edit general feedback entered by tutors										

3.2 Complete coursework deadlines

Some deadlines are stored in the database for use year on year (deadlines which do not vary according to the teaching timetable), other deadlines are coincident with teaching events so vary year on year with the teaching timetable – you will usually need to complete such deadlines.

Completion of deadline information is important, without a complete deadline:

 * The deadline will not show on the students' personal study timetables in Sussex Direct *

* You won't be able to input marks for the assessment *

1) Choose Convening > Assessment Convening from the Teaching Menu then click on the 'assessments' link in the 'Mode (Weight)' column.

2) To set the day and time click on the edit button on the right of the blue table header

* Use the lin	ks in the l	Delegate	d To coli	umn to view or e	dit general feed	back entered by tutors						

3) Select values from the drop downs then press Save in the green table header

3.3 Delegate marks entry to teaching groups if required.

If you wish to allow tutors on the course to enter marks for their teaching groups you need to 'delegate' marks entry to the teaching groups. If you do not do this all the marks for the course will need to be entered at the assessment convenor, either by the assessment convenor, or by administrative staff on the assessment convenors behalf.

1) Choose Convening > Assessment Convening from the Teaching Menu then click on the 'assessments' link in the 'Mode (Weight)' column. You will then be on the 'Convenor Assessment Page' which will look similar to the example below.

Tresencedori	Comments: 10 Minute Group Presentations to take place during the Summer term.										
* Use the lin'	ks in the !	Delegater	d To coli	umn to view or ed	lit general feed	back entered by tutors					

3) Select a teaching group type from the Drop down list in the Delegated To column

4) If necessary change the value in the **Tutor Update** column to allow the tutor to vary the assessment deadline (e.g. to coincide with a particular teaching event, you can give the tutor varying degrees of freedom to amend the deadline, use the smallest amount of variation that is needed)

5) Click Save to store your changes

NOTE if marks entry has been delegated to teaching groups then it will not be possible to amend day or time of assessment without first un-delegating mark entry.

3.4 To input marks

1) Choose Convening > Assessment Convening from the Teaching Menu then click on the 'X assessments' link in the 'Mode (Weight)' column. You will then be on the 'Convenor Assessment Page' which will look similar to the example below.

A V (UG)	874939		-			[Enter feedback]			
A F (UG)	866629		•			[Enter feedback]			

3) Enter marks, status codes, and feedback, and tick the 'Release?' box if you wish to release a selection of student marks.

DO NOT deduct any lateness penalties from the mark, if you record a lateness in the status column the database will automatically apply the relevant penalty.

You will not be able to edit the lateness in the status column if the submission has been scanned into the database, as the system will calculate how late the assessment is, and enter the late flag for you.

Status codes are:

NS = non-submission

Late = up to 24 hours late (undergraduate only)

Late 7 = up to 7 days late (postgraduate only)

Late 14 = up to 14 days late (postgraduate only)

V Late = later than 24 hours (undergraduate) or later than 14 days (postgraduate)

The Feedback column will default to view-only mode to speed up the loading for large courses.

To enter feedback click on the [Enter Feedback] link. Alternatively you can click the Edit all feedback button if you wish the Feedback column to be in edit mode for all students.

3.6 Release/Unrelease marks for assessment to students

The convenor must release the marks to students as soon as possible. It is now possible to release and unrelease marks at 3 levels: course, teaching group, and student; or a combination of the above. For example, you could release marks at course level, and then unrelease a few individual students' marks; or you could release marks at course level, and then unrelease the marks for one of the teaching groups.

Marks can be Released / Unreleased by Course - Click 'Release All' or 'Unrelease All'

Marks can be Released / Unreleased by Teaching Group - Click 'Release All' or 'Unrelease All'

Marks can be Released / Unreleased by Student – Tick/Untick the 'Released' box if you want to select individual students for Release/Unrelease.

NB: You must use the Save button if you release/unrelease at the student level.

After marks have been released the buttons change to Unrelease All, so that the marks can be removed from display to students and alterations can be made in emergencies.

As soon as the marks for all the coursework assessments on the course are complete the assessment convenor should conflate the marks and send them to the exams system.

3.7 Conflate the coursework marks and check the resulting overall coursework marks

1) Choose Convening > Assessment Convening from the Teaching Menu then click on the 'assessments' link in the 'Mode (Weight)' column.

Convenor Coursework Assessments								Related Links			•

D T A	BSc Human Sciences	65.67		Yes				

3) Check the column headed 'In Exams System?'. All students for whom this course forms a part of their degree programme should have 'Yes' in this column. If a student has 'No' then check why, often this will be because a student has either temporarily or permanently withdrawn. You can click on the student's name to get an overview of their current student record. If the student ought to have a record in the exams system please contact the Student Progress and Assessment Office to have it created.

4) When you are happy that you will be sending the correct marks to the exams system click the 'Send to Exams' button to send the marks to the exams system.

Once the marks have been sent to the exams system control of the marks passes from the Assessment Convenor to the Exams Office, who you will need to contact if any changes to the marks are required after they have been sent.

Why the urgency?

* Coursework marks are needed in good time for exam boards

 * Students will want to see their conflated coursework mark as soon as possible – it will be visible to them on their Sussex Direct Study Pages once the marks have been sent to the exams system
 * It aids other processes such as the mitigating evidence processes.
