

# Mathematics Careers Forum

Department of Mathematics, University of Sussex

Wednesday, 16 February 2011, JMS 1A1, 14:00 to 16:00

*A great opportunity to hear from Sussex Graduates and recruiters about Career and Job prospects!*

14:00 – 14:05	Welcome (Dr Istvan Kiss)	
14:05 – 14:20		<p><b>Name:</b> Mr Jo Parkers (Teachfirst, Graduate Recruitment)</p> <p><b>Further details:</b> Teach First is an influential charity aimed at addressing one of the UK's most damaging social issues - educational disadvantage. We recruit exceptional graduates into a two-year leadership programme during which they become classroom teachers, engage and inspire young people, and develop the skills and behaviours to take up leadership positions in education, industry and the third sector.</p>
14:20 – 14:35	Claire Anderson	<p><b>Name:</b> Ms Claire Anderson (Matchtech, Graduate Recruitment)</p> <p><b>Further details:</b> Matchtech Group is a leading Recruitment consultancy, placing hundreds of graduates into work every year. Working across Engineering, Science, IT, Construction and Professional Services. We work with Universities across the UK increasing the employability of students by providing skills sessions on networking, improving CV's, application forms and discussions on where your degree can take you ... perhaps into an area you hadn't thought of!</p>
14:35 – 14:50		<p><b>Name:</b> Mr Michael Taylor (DPhil student, University of Sussex)</p> <p><b>Graduated in/from/degree:</b> 2001/Univ. of Northumbria/BSc (Hons) in Mathematics and 2009/ University of York/MRes</p> <p><b>Position (and employer):</b> Mathematics Teacher (Heaton Manor School, Newcastle Upon Tyne, 2004-2008)</p> <p><b>Further details:</b> PGCE in secondary Mathematics education at University of Sheffield, 2003/2004.</p>
14:50 – 15:05		<p><b>Name:</b> Ms Laura Seymour</p> <p><b>Graduated in/from/degree:</b> 2006/Univ. of Sussex/Mathematics MMath</p> <p><b>Position (and employer):</b> Actuarial Senior Advisor (KPMG)</p> <p><b>Further details:</b> Started at KPMG in September 2008. I am currently working in general insurance and am studying towards the actuarial qualification.</p>
15:05 – 15:20		<p><b>Name:</b> Ms Harriett Hayden</p> <p><b>Graduated in/from/degree:</b> 2010/Univ. of Sussex/BSc (Hons) Mathematics with Economics</p> <p><b>Position (and employer):</b> Digital Marketing Consultant, DC Storm Limited</p> <p><b>Further details:</b> Dc Storm has developed digital marketing technology that helps businesses make sense of their online world. Their graduate program is designed to provide the experience and knowledge necessary to become a fully rounded digital marketing consultant.</p>
15:20 –	Coffee/tea and discussion with the Speakers in the Medical School/BSMS caffe. Teach First stand with information and relevant literature in the same place.
