Peru's Surprise New Leader Stokes Anger, Fear in a Traumatized Country

The unexpected impeachment of Peru's president has left the country with a leader few know or trust. Amid devastating pandemic and recession, Peruvians brace for more instability.

Peru's President Steps Down After Just 6 Days, Leaving Country Adrift

Manuel Merino took power after Congress pushed out Peru's popular president. In office less than a week, he faced mounting opposition from protesters.

Peru Chooses 3rd President in a Week Amid Street Protests

The naming of Francisco Sagasti as president was not expected to immediately quell popular anger at the country's legislators, whom many Peruvians see as corrupt — and responsible for the turmoil.

Conclusions

Failure of the state to respond effectively to COVID-19

Ineffective or detrimental interventions

Withdrawal of the state and its workers

Indigenous responses

Withdrawal and/or self reliance

Longer-term change and political impact

but... how long will that last?
