

## Your Profile

Your Mahara profile is one of the items of content you can add to pages and collections. You can edit your profile by going to **CONTENT** and **Profile**.

It is important that your real first name and surname are entered here. They should have been completed automatically. Do not change this name as it is essential for managing your assessments.

A screenshot of the Mahara Profile page. The page title is 'Profile' with an information icon. Below the title are four tabs: 'About me', 'Contact information', 'Social media', and 'General'. The 'About me' tab is selected. On the left side, there is a placeholder for a profile picture. To the right of the placeholder, there is a message: 'Please go to your Profile page to arrange the information you wish to display to other users. Enter your real first and last name here. If you want to show a different name to people in the system, put that name in as your display name.' Below this message are four form fields: 'First name \*' (containing 'Josephine'), 'Last name \*' (containing 'Bloggs'), 'Student ID', and 'Display name'. The 'First name' and 'Last name' fields are highlighted with a red box. Below the form fields is an 'Introduction' section with a rich text editor. The editor has a toolbar with options for Paragraph, Bold, Italic, Bulleted list, Numbered list, Link, Unlink, Image, Undo, and Redo. The editor contains a single paragraph 'p' and a word count of 'Words: 0'. At the bottom left of the page is a 'SAVE PROFILE' button.

The information you add here will appear in your **Profile page** (go to **PORTFOLIO** and **Pages** to see all your pages). You can also add a **Profile** block to other pages.
