UNIVERSITY OF SUSSEX

Undergraduate Students 2020/21 – Recommended Supply List

Dear Student

Participating in the Product Design course requires that you have the tools you need to complete your assignments. During your first week of term, you will be issued a storage box to store your supplies. We understand that obtaining the correct supplies to execute your work can be both costly and time consuming, for this reason we have put together an 'Essential Supplies Pack, (at no additional cost to you), to help you get started. This can be collected and signed for in first week of term.

The Essential Supplies Pack includes:

Sketchbooks A5 and A3

Sketching pencils 2H – 6B

Pencil sharpener

Technical/mechanical pencil

Fine liners

Masking Tape

Ball point pen (4 colours)

Safety ruler - metal

Safety scalpel

Cutting mat

Scissors

Glue gun

Yellow Stickies

Eraser

Additional Considerations:
Not included in your Essential Pack

Spray mount

Pro marker pens

Bleed proof marker pad

Case to carry supplies
