## Interdisciplinary perspectives on continuity and change: What counts as QLR?

November 15th 2012

### PROGRAMME

This event will explore how QLR methods have been used to capture and understand the dynamic relationship between personal and socio-economic change as it is expressed in specific localities, organisation and 'simultaneous cycles of change' that connect families communities and processes of development.

- |                |  |
