

GLOBAL PARTNERSHIP CONFERENCE

JOIN US ONLINE 25-26 JUNE 2020

Internationalisation and the Global Sustainability Challenge

Global sustainability is now at the forefront of agendas for all organisations, and higher education is no exception. In these challenging times, we value the relationships that we have with you – our partners – and we hope this event brings us opportunities to engage, reflect and look forward with confidence.

PROGRAMME

Join us online over the course of two days from 25 – 26 June 2020.

Virtual exchange is a great way to get students to develop intercultural competencies and encourage green internationalisation.

- Students from Victoria University of Wellington and University of Sussex debate the topic of Internationalisation and the Global Sustainability Challenge.
- Physical mobility remains a key part of internationalisation. Students are conscious of their environmental impact and look for ways to be sustainable at home and abroad. Our students and alumni will reflect on some examples of their own efforts to be sustainable global citizens.
