

NICOLA ANDERSON MEMORIAL BURSARY

1. Applicant details

If there is more than one applicant for a project, each must fill out a separate form, but the forms should be submitted together.

Name:

School:

Degree Programme:

Address:

Telephone:

E-mail:

2. Give a brief description of your project (maximum of 100 words)

A detailed explanation and justification of the project should be given in section 3. Use this box to give the place or places to be visited, the rough timetable of the project, and a brief description of what you hope to achieve.

3. Detailed explanation and justification of the project (maximum of 1000 words)

You should explain and justify the project, and also give an account of the likely outcomes of the project in terms, for example, of personal experience, study, research and/or writing. Think hard about the outcomes: a good account of these will help your application.

If you are proposing to use the money to pay for flights, please indicate why a less carbon-intensive form of transport was not feasible within the time available.

4. Research ethics

If your project involves research with human participants it will require ethics approval to be obtained from the University of Sussex *before* commencing data collection. Details on the ethics approval process can be found here: <http://www.sussex.ac.uk/staff/research/governance/apply>.

Will your proposed project require ethics approval? **Yes / No / Not sure** (delete as appropriate)

5. Estimated budget for the project

You should provide a budget, listing items of expenditure and income. Under expenditure, you will need to give estimated figures for air fares (and carbon-offsetting) and/or other travel costs, health insurance, board and lodging, etc. Under income, you should set out how you hope to pay for any costs not covered by the bursary and explain how you will raise this money.

Please note that in signing this, you are accepting that should you be awarded this grant, all responsibility for getting ethical clearance, as well as organising health and travel insurance are yours alone. All travel arrangements are your own, you will not be covered by University insurance and the University cannot accept responsibility for unexpected changes to travel restrictions.
