

# GII Survey Report

---

*Selection: Haiti.*

## 1) Haiti, 1936 - 1936 (Service National e la Production Agricole)

Survey ID: 409

### 884 households

**Notes:** A sociological survey intended to provide information on living conditions among the rural Haitian population. Dartique comments that Haiti was a statistical unknown, with a total lack of previous information.

This comprehensive survey was carried out in 25 rural locations around the island. Most of the data provided is in the form of commentary on living conditions but some statistical information is provided. Some information on estimated average budgets is given pp. 9-10.
