East African Statistical Department, *Report on the enumeration of African employees in Uganda, March, 1951 (Nairobi, 1952)*

8) **Uganda, 1952 - 1952 (Government - Statistical Office)**

Survey ID: 1035

178 households

Sample Duration: 1 Month(s)

Notes: This survey was designed to provide information on the lowest paid unskilled labourers employed in the Municipality of Kampala (earning between 40 and 45 shillings per month). The report gives figures by four tribal groups but (only) two income groups, 'lower' and 'higher'. It is thus not very useful for providing a picture of income distribution.
