| | | | | | |
|---|-----------|----|---------------------|-----|----------------|
| M | Mandatory | SE | Strongly Encouraged | N/A | Not Applicable |
|---|-----------|----|---------------------|-----|----------------|

The following courses are strongly encouraged for all Health and Safety Coordinators to complete where the hazard is applicable to the work of their Faculty/Divison. For example, if people use stepladders as part of their work, then it is strongly encouraged that Health and Safety Coordinators in that work area complete Safer Working at Height training.
