

What our students say...

“I can honestly say I have learned so much more than I ever expected and now understand how to critically evaluate health from multiple perspectives.”

“I particularly enjoyed being taught by people who had done the work in real life, and being able to discuss the issues with people from different backgrounds.”

“My research skills have improved leaps and bounds following completion of this course, and I think this will help me in my career path.”

“The BSMS MSc in Global Health has been an excellent and enriching course helping me to develop personally and providing me with a broad and strong knowledge base and numerous opportunities and contacts.”
