

Guide to Online Registration (29 May)

Online Registration is located here:

<https://direct.sussex.ac.uk/register.html>

The online pages themselves contain detailed instructions – please make sure you read those carefully and follow the instructions. This document shows you what each tab on the pages looks like and contains some guidance and answers to frequently asked questions.

Make sure you start Online Registration promptly when it opens on 29 May. **Your checklist must be cleared by 11 June** at the latest (see page 18).

Remember: Online Registration does not involve signing up for modules or classes. You should have already received your module confirmations from us. Once your checklist is cleared, you will be able to see your timetable/schedule on Sussex Direct:

<https://direct.sussex.ac.uk/login.php>

How to

Get your username & password

To register online you need a University of Sussex username and password which you can collect using your student candidate number. This number is emailed to new students on 1 September for courses starting in September and approximately 2-3 weeks before the start of your course at other times of the year.

When you collect your candidate number, you will also receive your University of Sussex email address. Your candidate number is found at the top of the offer letter you received in the mail after you paid your application fee.

Please email issoffice@sussex.ac.uk if you do not have your candidate number.

For all other students, this will remain a yellow circle until you arrive on campus to have your passport scanned.
