# Welcome

We're delighted to welcome you to the University of Sussex for our Masters Open Day. For over 60 years, the aim of our courses, culture, research and campus has been to stimulate, excite and challenge – with our teaching and research led by some of the foremost academics in their fields. We hope you enjoy exploring our beautiful campus today. It's surrounded by a national park, just 10 minutes from the vibrant city of Brighton and home to a welcoming international community.

Today provides an excellent opportunity to meet some of our students and staff and to find out which of our 200 plus Masters courses is right for you. Whether you are looking to challenge yourself, deepen your knowledge, enhance your career, or take a new direction in life – we have a Masters course to suit you.

“Staff have an open-door policy, which helps create the atmosphere that makes Sussex so unique.”

Maxwell Rowley, MSc in Physics
