Before you can start to add items to your reading list, you need to add a Bookmark tool to your internet browser. This should work for all browsers (Chrome, Firefox, etc...)

• Do you have an [Add to My Bookmarks] link on your browser’s Favourites bar? If you can’t see your Favourites bar (beneath the address window) you will need to click on ‘View’ and select ‘Favourites’ or ‘Bookmarks’ toolbar, depending on your browser.

• If you do, then go straight to sheets IV, V and VI on how to add different kinds of item to your list.

• If you don’t, go to [liblists.sussex.ac.uk](http://liblists.sussex.ac.uk), and click at the top of the page.

• Then click [Add to My Bookmarks] on the far right.

• Click “Add to my Bookmarks” and drag it up to your favourites bar.

• This link will appear

• You’re now set up to start “bookmarking” items (Sheets IV, V and VI) and adding them to lists (Sheet VIII).
