## Guidelines for authors

Papers should be submitted to [swps@sussex.ac.uk](mailto:swps@sussex.ac.uk) as a PDF or Word file. The first page should include: title, abstract, keywords, and Name and affiliations. The paper will be considered for publication by an Associate Editor, who may ask two referees to provide a light review. We aim to send referee reports within three weeks from submission. Authors may be requested to submit a revised version of the paper with a reply to the comments to [swps@sussex.ac.uk](mailto:swps@sussex.ac.uk). The Editors make the final decision on the inclusion of the paper in the series. When submitting, the authors should indicate if the paper has already undergone peer-reviewing (in other series, journals, or books), in which case the Editors may decide to skip the review process. Once the paper is included in the SWPS, the authors maintain the copyright.
