

PS Objectives

- To contribute to our students receiving a transformative, high quality education and learning experience that enables them to realise the futures that they want.
- To provide exceptional professional support to enable the research endeavours of the University.
- To ensure the appropriate skills, accountabilities and governance are in place for the University to meet its compliance obligations and to successfully deliver its portfolio of projects (change and capital).
- To work as a single team to drive the achievement of the operational surpluses necessary to ensure we can invest in the University's future, becoming more resilient to wider economic and sector changes.
- To be effective, efficient and economical – delivering outstanding Value for Money in all that we do.
- To recruit, develop and retain a truly engaged and motivated workforce that demonstrate the University's values on a daily basis.
- To be agile and responsive to the rapidly changing environment in which we operate with security in mind.
- To listen and work with our colleagues to deliver the highest standards of wellbeing and workload management.
