

Research Degree Extension to Correction or Revision Period

The extension time given to the correction or revision periods is dependent on the outcome you were awarded following your viva: Please tick the appropriate option

- If you were awarded a *Pass with minor corrections* (three-month original deadline) you can apply for **one month's** extension to the corrections period - there is no fee for this extension
- If you were awarded a *Pass with corrections* (six-month original deadline) you can apply for **three month's** extension to the corrections period – there is no fee for this extension
- If you were awarded *Major revisions and resubmission* (one year original deadline) you can apply for **six month's** extension in total to the revision period. Please note that fees will apply if you are granted an extension. Please indicate the extension time you require (for major revisions and resubmission *only*):
 - 3-month extension (a fee of £125 will apply)
 - 6-month extension (a fee of £250 will apply)

Exceptional extensions beyond these maxima will be considered by the Chair of the Research Degree Exam Board, but failure to submit on time will normally result in permanent withdrawal.

To be completed by the student
