

## FINANCIAL DELEGATION POLICY

### 1. OVERVIEW AND PURPOSE

1.1 This policy supports the Financial Regulations. It sets out the approach of the University in meeting the requirement of the Regulations with regards to delegations of financial authority and describes the means by which the principles of the Regulations should be applied in the day-to-day operations of the University.

1.2 The objectives of the policy are to ensure that:

- the requirements of the Financial Regulations are met
- there is clarity of responsibility
- financial delegations are transparent and appropriate
- staff are not unnecessarily overloaded with tasks or put into an inappropriate position for which they are not equipped or trained.

### 2. SCOPE

2.1 This policy and associated procedures are approved by the Vice Chancellor and must be adhered to by all members of staff and others authorised to act on behalf of the University in the same way as the Financial Regulations

#### 2.2 Definition of 'Member of Staff'

Section 1.3 of the Financial Regulations defines the terms 'members of staff' and 'staff' to refer to people who have a paid contract of employment with the University or some other form of contractual relationship including but not limited to visiting and honorary staff, temporary staff, contract staff and contractors' staff acting on behalf of the University.

In exceptional circumstance the Director of Finance may authorise limited delegation of the ability to purchase items against a specific research budget by post graduate research students. No other authority may be delegated to these individuals.

In this situation these individuals are also subject to this policy.

### 3. RESPONSIBILITIES

3.1 The primary responsibilities within this policy are as follows:

Document Control					
Document No	N/A	Version	1	Date Issued	11/08/20
Author	Sian Thomas	Reviewed by	Allan Spencer	Department	Finance Division

Reference	Role	Responsibility
	Vice Chancellor	Approve this policy
	Heads of School and Directors of Professional Services	May delegate some day-to-day financial management responsibilities to named individuals within their School or Service in accordance with the Financial Delegations Policy with the prior written approval of the Director of Finance.
	Heads of School and Directors of Professional Service	Ensure any delegation is to a qualified individual with appropriate authority and to balance the need to delegate responsibilities to ensure the efficient and effective running of an area with any potential risk. Consider potential the delegation against the criteria set out in Appendix 3 Guidance to ensure effective financial delegation
	Heads of School and Directors of Professional Service	Carry out an annual review of delegations to ensure they remain appropriate. Review delegations in the event of changes in staff and staff responsibilities and budgetary structures during the year.
	Finance Business Partners	Support Heads of School and Directors of Professional Service In relation to all decisions relating to new delegations and in review of existing delegations
	Director of Finance	Maintain a scheme of delegated authorities for principal financial arrangements and transactions which is appended to the Financial Regulations and subject to periodic review with the Regulations themselves.
	Director of Finance	Define and own the procedure by which financial delegations can be requested and authorised. This may only be varied with the express written permission of the Director of Finance.
	Director of Finance	Maintain a staff delegations framework setting out the level to which financial authority can be delegated by Heads of School and Directors of Service, based upon the nature and value of a transaction and the related financial or other risk to the University.
	Director of Finance	Provide approval for delegations.
	Finance Service Desk	Provide further information with regards to any element of this policy
	General Counsel, Governance and Compliance	Prepare Council Scheme of Delegation
	All staff/others authorised to act on behalf of the University	Comply with all requirements of the Financial Regulations, including this policy and all aspects of associated procedures

### 3.2 Non-compliance

Overall responsibility for the actions of the person to whom authority has been delegated remains with the delegator.

Document Control					
Document No	N/A	Version	1	Date Issued	11/08/20
Author	Sian Thomas	Reviewed by	Allan Spencer	Department	Finance Division

Failure to comply with this policy and any other requirement under the Financial Regulations may lead to disciplinary action against staff, removal of honorary and visiting status, termination of contract or any other appropriate action.

#### 4. **POLICY**

##### 4.1 **Governance**

Financial delegations in the University are governed by the Financial Regulations (2018) section 1.4, which states:

- The Vice-Chancellor may delegate financial authority to the Director of Finance as set out in the Council Scheme of Delegation.
- A Scheme of Delegated Financial Authorities is maintained by the Director of Finance.
- Heads of School and Directors of Professional Services are responsible for overall financial management within their Schools and Divisions. Delegation of some day-to-day financial management responsibilities will be permitted to named individuals within their School or Service in accordance with the Financial Delegations Policy (this policy), and with the prior written approval of the Director of Finance.
- Authority may only be delegated to staff who have a paid contract of employment with the University.
- Overall responsibility for the actions of the person to whom authority has been delegated remains with the delegator.
- Once approved any such delegation will be subject to annual review to ensure it continues to be appropriate.

##### 4.2 **Scheme of Delegated Financial Authorities**

The Director of Finance maintains a scheme of delegated authorities for the University's principal financial arrangements and transactions. This is appended to the Financial Regulations and is subject to periodic review and authorisation of changes with the Regulations themselves.

These delegations are derived from the Financial Regulations or the Council Scheme of Delegation prepared by the General Counsel, Governance and Compliance Division and relate to Council Committees, Senior University officers and Heads of School and Directors of Professional Services.

Council may delegate further to its Committees. These will be defined in the terms of reference of those Committees as approved by Council.

##### 4.3 **Staff Delegations framework**

Delegations to University staff below the level of the Scheme of Delegated Financial Authorities are by the authority of the Vice-Chancellor, Chief Operating Officer or the Director of Finance as allowed for in the Financial Regulations.

Document Control					
Document No	N/A	Version	1	Date Issued	11/08/20
Author	Sian Thomas	Reviewed by	Allan Spencer	Department	Finance Division

These are documented in a delegation’s framework maintained by the Director of Finance setting out the level to which financial authority can be delegated by Heads of School and Directors of Service, based upon the nature and value of a transaction and the related financial or other risk to the University.

This schedule is appended to this policy and is reviewed annually with the policy– see appendix 1 Staff Delegations Framework.

#### 4.4 Delegation by virtue of position in the University

Other than to senior officers and officers included in the Scheme of Delegated Financial Authorities, delegations are not automatically attached to a particular job-role or grade of staff.

It is the responsibility of the Head of School or Director of Professional Services, supported by their Finance Business Partner, to ensure that delegation is to a qualified individual with appropriate authority and to balance the need to delegate responsibilities to ensure the efficient and effective running of an area with any potential risk.

Before submitting a request, a Head of School or Director of Professional Services must be confident that the delegation has been properly considered against the criteria set out in Appendix 3 Guidance to ensure effective financial delegation.

#### 4.5 Register and review of financial delegations

A list of authorised delegations is maintained in the Finance division.

All delegations by Heads of School and Directors of Professional Services are subject to annual review, supported by the Finance Business partners to ensure they remain appropriate.

Heads of School and Directors of Professional Services are also required to review delegations in the event of changes in staff and staff responsibilities and budgetary structures during the year.

#### 4.6 Withdrawal of delegated authority

Delegations may be withdrawn as a result of annual or other review as above.

Where a member of staff fails to comply with the Financial Regulations or any related policy or requirement, including finance systems access requirements, authority for any financial delegation will be automatically withdrawn.

#### 4.7 Procedure to request a delegation

Document Control					
Document No	N/A	Version	1	Date Issued	11/08/20
Author	Sian Thomas	Reviewed by	Allan Spencer	Department	Finance Division

The Director of Finance defines and owns the procedure by which financial delegations can be requested and authorised. This may only be varied with the express written permission of the Director of Finance.

#### 4.8 **Facilitation of the exercise of delegated authority by the finance system**

Wherever possible the finance system is configured to ensure that financial decision making is aligned to the delegation's framework and scheme of delegations. In this case the finance system will automatically workflow a transaction to the designated 'decision maker', usually a budget holder or senior budget holder depending on the type and value of the transaction and any potential conflict of interest.

Within the finance system responsibilities are delegated to

- level 3 authorisers, attached to cost centers - Senior budget holders, typically Heads of School, Directors of Professional Services and their senior teams
- level 2 authorisers, attached to a sub project - Budget holders or Principal Investigators
- level 1 requisitioners - attached to a sub project or group of sub-projects.

The responsibilities attached to these are set out in Appendix 2, Finance Systems Facilitated Delegation Framework.

This categorisation is requested by the Director of Service or Head of School, through a written application to the Director of Finance.

Further delegation is permitted through 'substitutes' as requested by a Head of School or Director of Service to enable temporary delegation during holiday or sickness absence for example.

The Director of Finance may delegate his approval within the Finance Division.

### 5. **Further information**

- 5.1 Further information with regards to any element of this policy can be obtained by contacting the Finance Service Desk.

### Appendix 3 Guidance to ensure effective financial delegation

1. Heads of School and Directors of Professional Services can delegate day-to-day financial management responsibilities to named individuals within a School or Service.

Ultimate responsibility remains with them and cannot be delegated.

2. **What to consider when deciding to delegate:**

When a delegation is made it is imperative that the person is qualified to make the financial decisions that are delegated to them.

That requires:

- that the member of staff has the capacity, capability and confidence to follow up queries and take advice and action where necessary
- appropriate seniority in relation to the delegation that is being made –is it acceptable to expect a junior member of staff to reject a request by a senior manager?
- good knowledge of activity in the business area and understanding of the resources and objectives of that area
- understanding of their responsibilities for making decisions over the allocation of resources and the implications of their decisions (e.g. purchasing, budget setting)
- financial awareness including knowledge of the Financial Regulations and relevant policies
- being appropriately trained
- no conflicts of interest, but if unavoidable complete transparency over potential conflicts of interest.
