

Intermission Request

Intermission is available in periods of months, up to a maximum of one year in total (during the period of a student's doctoral studies) for full-time students and two years in total for part-time students. Approval for further periods of intermission will only be granted in exceptional circumstances by the Dean of the Doctoral School.

Please note, if you are in receipt of a **United States Federal Direct Loan**, this request may have an impact on your funds, so seek advice from the Financial Aid Office (usfinancialaid@sussex.ac.uk) before proceeding.

If you are in receipt of a **Doctoral Loan**, please note that Student Records Team will notify the Student Loan Company of your intermission.

Under the University of Sussex Fitness to Study policy, in order to support students returning to their studies after a period of health intermission, medical evidence is required to confirm that you are well enough to continue your studies successfully. **Where health intermissions of 3 months or more are requested, supporting medical evidence is normally required before resuming your studies.**

Information specific to overseas students who have entered the UK on a Tier 4/Student visa:

If intermission is required, visa students should discuss their situation with the University's International Advisors at immigration@sussex.ac.uk first. When intermission is approved, the University is obliged to report this to UK Visas & Immigration (UKVI). UKVI will curtail (cancel) the current visa and students should return to their home country and must then apply for a new Tier 4/Student visa before they resume their studies.

For any period of intermission, as you are no longer studying, your right to work in the UK would cease with effect from the first day of your period of intermission, and you should therefore notify any current employer that you will not be permitted to undertake any further work. If you undertake any work for the University of Sussex, the HR Compliance team will be informed of your temporary withdrawal from study.
