ACADEMIC LIFE

LSU offers over 200 academic fields of study. Here are just a few options to choose from:

**College of Humanities & Social Sciences**
The diversity of the curricula offered through the College of Humanities & Social Sciences provides educational opportunities in fields that employers seek most when hiring.

**Manship School of Mass Communication**
The Manship School of Mass Communication prepares communicators for the ever-changing world of mass media. Both traditional and new media challenges await you no matter where, when, why or how quickly they occur.

**College of Science**
Students in the College of Science are leaders, innovators, and thinkers. They seek answers to life’s most difficult questions, while working side-by-side with LSU’s top researchers.

**E. J. Ourso College of Business**
The E. J. Ourso College of Business offers employment-ready bachelor’s degrees and specialized professional training. Graduates hold positions of leadership across business and industry.

STUDENT LIFE

LSU students come from all over the world. Regardless of who you are, where you come from or where you want to go from here, you will be valued and embraced as part of the LSU community. LSU has more than 350 active student organizations on campus that exchange students are more than welcome to participate in. Throughout the academic year, there are a variety of events that are hosted on the LSU campus that students can attend. A huge part of student life at LSU involves our athletic teams. LSU has 21 athletic teams and 47 national championships. There is no greater experience for new students than watching their first collegiate football game in Tiger Stadium.

ABOUT LOUISIANA STATE UNIVERSITY

Louisiana State University, home of the “Fighting Tigers”, is the flagship institution of the state of Louisiana and is one of only 30 universities nationwide holding land-grant, sea-grant and space-grant status. LSU is located on more than 2,000 acres in the southern part of the city near the Mississippi River. The campus is known for the 1,200 large oak trees that surround and shade the university, with “Stately oaks and broad magnolias” being the catch phrase description of the university. The university is strong in biological sciences, chemistry, civil and environmental engineering, English, French Studies, history, mass communication, mathematics, mechanical engineering, and physics.
