Social sport on campus

Active US recognises that some students want to play sports casually, socially and without committing to a club or membership. Therefore, we offer a weekly, student-run, social sport timetable. These sessions are for all abilities, low-cost and don’t require any equipment or experience to take part. Sessions include bouldering, netball, football and lots more.

Social leagues

We run weekly competitive leagues and coaching for football, basketball and netball throughout the year. Make sure you keep an eye on our social media channels so you don’t miss the sign-up deadlines.

US Girls Can

This female focused campaign aims to get more women active by running inclusive, relaxed and innovative weekly and one off sessions across campus.
