Weekdays

Advise student that their best option is to seek the expert advice of a Student Life Advisor (university staff) and/or an Independent Sexual Violence Advisor (ISVA) (non-university)

Student Life Centre: **01273 87 6767** 9am-5pm weekdays, Ask for an emergency appointment to which you can accompany them if this is what they want.

Evenings/nights or weekends

Advise student on or off campus that their best option is to seek expert advice of Campus & Residential Support team who can be reached through Security **01273 87(3333)**

Guidance for Advisors/other frontline staff to whom student discloses

Take student to a warm, quiet, safe space –where you will not be interrupted- after first informing a colleague

You may feel that the police should be called, especially if the student is harmed, but this is not your choice unless there is obvious risk to the student or others.

If the student is accompanied, check this person is still welcome. Would the student prefer to speak to someone of a different gender?

Do not make notes, just a record of the date, time, name of student, alleged perpetrator & record of support offered. Memories may be fragmented and reinterpreted. Any account could be used by police/courts at a later date. Ask student to sign that they agree to any notes.

Listen to the student without overreacting or asking questions – your role is to support – not to investigate or to counsel at this stage. Any suspicion of coaching/influencing/interpreting their account can be detrimental to a future case.

Allow them time to talk. Concentrate on what they are saying, not on you are going to say/do

Give student options leaflet and go through it with them. Make it clear to student that they do not have to disclose their circumstances to the police.

Does student need alternative accommodation? (Campus & Residential support **01273 877250**)

Refer student to disciplinary policies/procedures www.sussex.ac.uk/ogs/policies/studentguidance/studentdiscipline

If assault/abuse happened some time ago, it may be appropriate to make an immediate referral to the University Counselling Service **01273 678156**
