The intern’s salary will be provided as a one-off payment by the University of Sussex finance division. The Careers & Employability Centre (CEC) will send details of the payment process as soon as the Internship is confirmed.

**Important:** If your intern’s first wage payment is likely to fall before we have paid the invoice, you need to ensure that you have the funds to pay your intern.

Any additional costs will be met by the employer. For information, holiday entitlement for a member of staff working full time for 10 weeks will be approximately 5 days.

---

⁵ Please note that once a degree course is completed students will not be eligible for 1 to 2 week internships
6. University procurement

All employers recruiting for internships between 3 and 10 weeks must be set up as a supplier on the University of Sussex finance system. You will need to supply:

- full trading name
- company registration number (if applicable)
- VAT registration number (if applicable)
- full contact details
- business bank account.

Once an internship has been confirmed, you will be asked to submit the above information.

Employers are required to self-register their details on the University’s online procurement system (if not already registered). Following successful registration, a Purchase Order number will be provided.

This PO number should be quoted on an invoice (no VAT to be added) and submitted to the University.

Our payment terms are 30 days.

7. Salary

The salary for the Santander Internship Programme must be a minimum of £8.57 per hour for Sussex and the rest of the UK. Employers are welcome to offer a higher salary at their own expense.

All organisations wishing to adhere to the Living Wage or London Living Wage will need to increase their contribution to cover this.

Any additional costs are to be met by the employer.

All employers must agree to pay this hourly rate as a minimum, irrespective of any other human resource policies the organisation may have in place.

The employer will pay the intern through their usual PAYE internal salary or wage processes and make these clear to the Intern. We will not accept opportunities which are paid outside a PAYE system.

The University is not involved with the payment process between intern and employer.
8. Submission and advertising

Employers will express interest by submitting internship vacancy details, via an online form, to the Santander Internship Programme team at the Careers & Employability Centre at the University of Sussex.

Once the team receives the online form, the opportunity will be assessed, and where accepted, advertised to eligible students and graduates.

Please note that advertising an opportunity through the University of Sussex Santander Internship Programme does not guarantee recruitment. The recruitment process will be competitive and it must be anticipated that not all internship opportunities will attract applications and not all recruitment processes will be successful.

Application should be via CV or company application form. The employer should conduct selection and/or interviews in the usual recruitment processes of the organisation.

Offers of an internship should be made directly to the student or graduate, after the eligibility of the applicant is established. Once the internship is agreed by both parties, employers must inform the Careers and Employability Centre, Santander Internship Programme team immediately via internships@sussex.ac.uk.

9. Contracts

The intern should be treated as a temporary employee and where applicable (3 to 10 week internships) should be provided with a contract of employment, including dates of work, expected hours of work, sick pay arrangements, holiday entitlement and information about disciplinary and grievance procedures.

The employer should make arrangements for an induction as soon as the internship commences, and put in place a programme of supervision.

10. Internship cancellation

The contract of employment is between the intern and the host organisation, and should contain information for both parties about procedures should the internship end early.

Should it become apparent that the intern fails to start the Sussex Graduate Internship Programme or fails to complete their internship, please notify the University of Sussex at the earliest convenience.
11. Monitoring

Contact will be made by the Careers and Employability Centre at the beginning of the internship and again at a mid-way point but employers are encouraged to raise any issues with the Sussex Santander Internship Programme team at any time.

The University will ask employers to submit a short piece of feedback to the University and may be asked for permission to use information provided for future marketing campaigns. Submission of feedback is mandatory.
