

The University of Sussex

Undergraduate Terms and Conditions Academic Year 2025-2026

Summary

These Terms and Conditions accompany, and should be read in conjunction with, your offer of a place. These, together with the [University Regulations](#), codes and policies and the [online prospectus](#) for your year of entry, form your Contract with the University. This creates a framework within which both you and the University operate, supporting you to make the most of your University experience and achieve your academic potential.

Please take the time to read and understand these Terms and Conditions. If you accept your Offer of a place, we will assume that you have read and accepted these Terms and Conditions and agree to comply with them.

In particular, you are asked to note:

- The University has **standards of expected behaviour** which it requires all students to maintain. Students must observe any codes of conduct which are in place and updated from time to time, as well as adhering to University Regulations. **If you fail to meet the standards expected the University may take disciplinary action and consequences can include termination of this Contract and removal from your Course.** Please see further information at clause 6 of these terms and conditions and [Regulation 2](#)
- The University has robust academic standards and **you must participate in your Course and meet the academic requirements.** If you do not progress sufficiently to remain on your Course, the University may **withdraw you from your Course** and you will not be entitled to any refund of fees, although if you have met the academic criteria you may receive an exit award. Please see clause 6 for further details.
- The University will use **all reasonable endeavours to deliver your Course as described in the prospectus for your year of entry.** Whilst the University will seek to keep course changes to a minimum these may sometimes be necessary, for example if there are unanticipated staff changes, requirements by an accrediting body or updates to the syllabus to reflect current research. Exceptionally, we might need to **cancel a course**, for example if there are insufficient students registered to deliver education of sufficient quality or due to unanticipated staff changes which mean we do not have the requisite subject expertise. Please see clause 11 for further details about course changes.
- You must pay your **tuition fees.** If you do not, then the University can impose sanctions, or following warnings, withdraw you from your course. Your **fees may increase** during your studies with us, and you may also have to pay **additional costs** such as specialist equipment, field trips or bench fees. Tuition fees are charged on a termly basis; if you attend only part of a term you may still be charged the full-term rate. The University can also charge for additional administrative costs it incurs if you re-sit any assessments. Further information can be found at clause 10 and on our [Student Hub webpages](#)
- If your Offer is conditional, you will need to **satisfy the conditions in your Offer.** There are requirements for registration and continuation on your Course, for example all students are subject to a **satisfactory [criminal records check](#)** (clause 9), some courses require a clear satisfactory disclosure and barring service (DBS) check (clause 8) and if you have a **student visa** you must comply with its terms for the duration of your studies (clause 7). If you are unable to meet any **registration, academic or other requirements for admission**, or are **dishonest** with any information you provide, then your offer of a place will be rescinded or if you have commenced your studies you may be withdrawn from your Course (clauses 2, 6, 7, 8 and 9).

- Whilst the University will use reasonable endeavours to deliver your Course and the services under this Contract, situations may arise which are **outside of the University's reasonable control** and which prevent or disrupt our Course delivery or service provision. If this occurs, the University will try and minimise any adverse impact on you. Please see clause 13 for further information and examples of situations which the University considers are outside its reasonable control.

5 University Obligations

- 5.1 The University will use all reasonable endeavours to deliver your Course and the services at the University with reasonable care and skill and in accordance with the description in the Prospectus for your year of entry. If there is a **change to your Course**, Clause 11 of these Terms and Conditions will apply.
- 5.2 The University provides a range of services and facilities to support student learning, research, health and wellbeing and the University experience. This includes academic support, learning support, library and study spaces and wellbeing services. Changes may be made to the delivery of these services and facilities as part of the University's process of continuous evaluation (including in response to student feedback, for operational reasons, or managing the University's resources more effectively and efficiently). If appropriate, changes will be made following engagement and consultation with students.
- 5.3 The University shall provide you with access to equipment and/or facilities that are necessary for you to undertake your Course but you are required to provide personal items that you need to study at the University, such as a desktop PC or laptop, and study materials.
- 5.4 The University shall explain the academic requirements for your Course to You which you will need to satisfy in order to progress.

6 Academic, Fitness to Study and Conduct Obligations

- 6.1 The University may refuse to offer a place on a Course to an applicant if it reasonably

The University of Sussex

Undergraduate Terms and Conditions Academic Year 2025-2026

considers that the applicant will not meet the University's academic and/or conduct standards.

- 6.2 If, prior to registration at the University, it comes to the University's attention that your **conduct** (academic or non-academic) may not comply with our Dignity, Respect and Inclusion Policy, [Student Code of Conduct](#) or our general expectations for good student conduct, or if the University has safeguarding concerns, or other reasonable grounds to consider that admission to the University is inappropriate the University may **suspend your admission**. In such circumstances, the University will invite you to provide a statement to be considered by representatives from the Admissions Team, your proposed academic school and Student Complaints, Conduct & Funding. Collectively they may decide that the University may terminate this Agreement and withdraw your offer, put in place behavioural requirements or restrictions for continued admission or allow unrestricted admission to the University. Their decision is final and is not subject to appeal. Examples of such conduct of concern could include inappropriate behaviour and conduct towards any member of the University, acts or threats to the health or safety of any member of the University, illegal acts (including but not limited to dealing controlled substances, bodily harm or physical damage) or behaviour which would breach the University's Dignity and Respect policy.
- 6.3 You will engage and participate in your Course and take personal responsibility for your own learning. This will include attending and taking part in taught lectures, seminars and/or research; meeting [attendance](#) requirements (including in-person), engaging with teaching and support staff; making use of all available resources; and meeting academic requirements (see clause 6.4 and 6.5). If (acting reasonably) the University considers that you are not sufficiently engaging with your Course, the University shall notify you of its concerns and identify improvements for you to make, which may include targets including but not limited to attendance at attend lectures or seminars. If, having had notice and a reasonable opportunity to make such improvements, you are still insufficiently engaging and participating in your Course and the University considers that it is reasonably likely that you will not meet the academic requirements for your Course, then the University may withdraw you from your course in accordance with the University Regulations. You must complete your Course within the maximum period of registration which will be notified to you in writing.
- 6.4 You will maintain a good standard of conduct at all times – including social media use - demonstrating respect for the University, its students, staff and our wider community and adhering to the University's [Regulations](#) together with any codes for student conduct and behaviour in place from time to time. If you do not, the University may take **disciplinary action under the regulations for [student discipline](#)** contained in the Supplementary Documents. One of the possible outcomes of disciplinary action is termination of this Contract and any accommodation licence with the University and removal from your Course. If you are in receipt of a **scholarship**, in addition to any sanctions taken under our student discipline regulations, the University may review whether your scholarship shall be withdrawn or if conditions shall be applied to your scholarship.
- 6.5 You must meet the ongoing academic requirements of your Course, including (but not limited to) passing modules, submission of course work, and other assignments including examinations and engagement with all methods of teaching and study, including satisfactory attendance at lectures and seminars. If you do not pass required modules, you must resit

The University of Sussex

Undergraduate Terms and Conditions Academic Year 2025-2026

examinations or repeat a year of study in accordance with the University's Examination and Assessment Regulations. **If, following resits or repeats you have not progressed sufficiently to remain on your Course, the University will withdraw you in accordance with the University's regulations and you will not be entitled to any refund of fees.** You will be given a transcript of your credits, and, if applicable, any intermediate awards received.

- 6.6 You agree to uphold the University's standards of [academic integrity](#). You shall ensure that you understand and observe the University's guidance on [academic misconduct](#) and comply with all policies in place, which shall be updated from time to time. Personation – which includes purchasing essays and assessments from essay mills – and the use of artificial intelligence such that you are not generating your own work will usually be considered to be a major academic misconduct.
- 6.7 Any concerns about **fitness to study** will be dealt with in line with the University's [fitness to study policy](#). If you are temporarily withdrawn on health grounds, you must satisfy the Fitness to Study Panel that your health has improved sufficiently to restart your study at the University. Professionally regulated courses also have required conditions and standards. A failure to adhere to these may call into question a student's fitness to practise and result in a fitness to practise investigation, the outcome of which could include the imposition of conditions, suspension or expulsion from the University.
- 6.8 If at any point you withdraw from your studies, the University has the right to refuse re-admittance, including if it reasonably considers that you are unlikely to satisfy the academic requirements of your Course or if your conduct is likely to fall below the standards expected by the University as set out in the Supplementary Documents. Conduct which is likely to be unacceptable includes, but is not limited to: causing distress, potential distress or harm to members of the University community; actual or potential damage to university property; disruption to the functions and operations of the University; or impeding or interfering with the pursuance of work/study of members of the University community.
- 6.9 You must complete your Course within the maximum period of registration which will be notified to you in writing. If you do not satisfy the academic requirements to complete your Course, it will be entirely at the University's discretion as to whether an extension of time will be permitted to enable you a further opportunity to meet the academic requirements to pass. Any authorised extension will be subject to reasonable fees.

7 International Students

- 7.1 When you apply to study at the University, you will need to demonstrate, at the point of registration, that you have a valid immigration status to undertake your proposed studies. The University will determine from the information you provide whether you are a Home or International Student. If you are not a Home Student you will be responsible for obtaining a visa. The University will issue you with a Confirmation for Acceptance of Studies (CAS) number if you meet the necessary criteria (as per UK government policy and/or the University's CAS issuing guidance) but your Offer does not guarantee that the University will be able to issue a CAS number or act as your immigration sponsor.
- 7.2 If at any point prior to registration you fail to demonstrate that you have a valid immigration status and/or adequate regulatory approval to pursue your actual/intended course of study then the University reserves the right to prevent you from registering on or continuing your Course (without liability to you) and to notify government authorities, including the Home

Office.

- 7.3 You must comply with the terms of your student visa whilst studying at the University and in accordance with the University's responsibilities as a sponsor. The University is required to withdraw sponsorship of your visa and to notify UK government authorities if you do not comply with the terms of your visa and/or the UK government rules, including but not limited to:
- 7.31 Failure to meet the minimum attendance and engagement requirements;
- 7.32 Your registration is terminated, or you withdraw or commence an interruption of studies;
- 7.33 You successfully complete your Course in a shorter period than originally planned;
- 7.34 Failure to register or re-register at the University; and
- 7.35 Failure to provide evidence that you have valid leave to remain in the UK.
- 7.4 If you have a student visa and you decide to change your Course, and this causes a change to your Course completion date, you might be required to leave the UK to apply for a new visa overseas.
- 7.5 If you require Academic Technology Approval Scheme (ATAS) Clearance then you will need to apply for this. Further information on [applying for ATAS clearance](#) is on our Student Hub. If your ATAS application is refused we will not be able to issue a CAS to apply for a student visa.
- 7.6 If your visa is revoked for any reason you will not be able to continue studying at the University and the University will remove you from your Course.
- 7.7 On occasion, the University will need to contact the UK Home Office to clarify details on outstanding visa applications and previous immigration history. By accepting these terms and conditions, you consent to the University contacting the UK Home Office on your behalf and the UK Home Office releasing such information to us.
- 7.8 The University is not liable for any cost that may be incurred by you to perform immigration and course of study regulatory requirements.

8 Provision of Information and qualifications

- 8.1 The University will need to send you important information, so you must always ensure that the University has your up to date contact details including an email address for an account you use regularly.
- 8.2 Your Offer is subject to you satisfying and evidencing the academic and other requirements for admission. If your Offer is conditional, you will need to satisfy the conditions set out in your Offer (such as obtaining qualifications at a minimum grade) in order to be admitted to the Course. If you have not met the conditions of your Offer before the start of the Course, the University reserves the right to withdraw the Offer. For some courses you may need to provide information about your health, or have a satisfactory health check (including providing evidence of immunisations), a satisfactory Academic Technology Approval Scheme check or a satisfactory disclosure and barring service (DBS) check. If this applies the

The University of Sussex
Undergraduate Terms and Conditions Academic Year 2025-2026

University will notify you of the requirements to be met.

8.3 You must provide full and accurate academic and personal information to the University for application, admission and enrolment on your Course and will inform the University of any changes to this information. The University may require you to provide satisfactory evidence that you have met all the requirements to study at the University.

8.4 If you are dishonest in the information you provide, do not provide satisfactory evidence when requested or you withhold relevant information the University may terminate this Contract at any point and withdraw you from the University or cancel your admission to the University. The University will verify the authenticity of documentation provided.

9 Criminal Convictions

9.1 To enable the University to discharge its safeguarding obligations, your Offer is subject to a satisfactory criminal convictions disclosure by you.

9.2 You must **immediately disclose** to the University by email to cconreg@sussex.ac.uk any **“relevant” unspent criminal convictions** which are:

9.2.1 any kind of violence including (but not limited to) threatening behaviour, offences concerning the intention to harm or offences which resulted in actual bodily harm;

9.2.2 offences listed in the Sex Offences Act 2003;

9.2.3 the unlawful supply of controlled drugs or substances where the conviction concerns commercial drug dealing or trafficking;

9.2.4 offences involving firearms;

9.2.5 offences involving arson;

9.2.6 offences listed in the Terrorism Act 2006; and

9.2.7 any convictions from another jurisdiction which are equivalent to those at clauses 9.2.1 to 9.2.6

9.3 Convictions that are “spent” (as defined by the Rehabilitation of Offenders Act 1974), or will be spent at the point of starting the course of study, do not need to be declared. If you are uncertain as to whether your conviction is spent, or if your conviction is from another jurisdiction, please seek independent advice.

9.4 You will also be required to disclose any “relevant” unspent criminal convictions (as set out at clause 9.2) when you register at the University.

9.5 The University’s Criminal Convictions Panel will consider any relevant unspent conviction disclosed to the University in line with the [University’s Criminal Conviction Policy](#) to determine whether it is appropriate for you to be admitted to the University. Certain criminal convictions may result in your Offer of a place being withdrawn or conditions being imposed to allow you to study at the University. Depending on the conviction, we may suspend admission or re-registration whilst the disclosure is being considered. **It is therefore important that, if you**

have a relevant unspent conviction, that you [disclose](#) this immediately by emailing cconreg@sussex.ac.uk and complete the self declaration form which we shall send you as soon as possible to minimise any potential disruption to your studies.

- 9.6 If you are convicted of a “relevant” offence whilst you are studying at the University you must disclose any “relevant” unspent criminal convictions by email to cconreg@sussex.ac.uk. The Criminal Convictions Panel will evaluate whether it is appropriate for you to continue on your course. The University may terminate this Contract and withdraw you from the University or impose conditions to allow you to continue your studies.
- 9.7 Failure to disclose a “relevant” unspent criminal conviction may result in your Offer being withdrawn. If you have already registered at the University disciplinary action may be taken and your Contract with the University could be terminated, resulting in removal from your Course.
- 9.8 Further information on the University’s policy and procedures relating to criminal convictions can be found at www.sussex.ac.uk/criminal-convictions. Processing of your personal data will be carried out in accordance with our data protection policy.

10 Fees and payments

- 10.1 You will pay the Course fees for the tuition on your Course set out in your Offer. You must pay your Course fees and any other costs, such as residential accommodation, by the dates given to you and in accordance with the **methods of payment** communicated to you in writing by the University. If you have an agreed installment plan, you must pay the installments of all Course fees and other payments due to the University in accordance with that plan. Further information on fees can be found at www.sussex.ac.uk/study/fees-funding.
- 10.2 There are different Course fees for **Home Students** and **International Students**:-
- 10.2.1 The Course fees for **Home Students** are set out in your Offer. The University will increase its Course fees for Home Students annually in line with the **maximum levels** set by the UK government for subsequent academic years of your Course subject to regulatory approval. These increases will be published in advance of the upcoming academic year. Further details can be found at www.sussex.ac.uk/study/fees-funding/tuition-fees.
- 10.2.2 The Course fees for **International Students** are set out in your Offer. Course fees for International students whose course is longer than one year (full and part-time) and who first registered on their Course on or before the start of the 2024-2025 academic year will increase by 3% (rounded up for administrative ease) in each subsequent academic year. This is to take account of the University’s increased costs of providing educational services to you. Your fees will not be subject to any other increase.
- 10.3 Course fees are due for each full term of attendance, and if you attend only part of a term you may still be charged the full-term rate. Any refund of Course fees will be made in accordance with the Supplementary Documents and the University [refund policy](#).
- 10.4 If you change course then the fees may be different and you should check the fees for that course if you consider changing course.

The University of Sussex

- 10.5 There may be additional costs and expenses for some courses, such as materials for projects and options to participate in field trips and visits. For information on additional costs for your Course please visit <https://www.sussex.ac.uk/study/> and search for your Course. The University can also charge for reasonable administration expenses .
- 10.6 If you do not pay your Course fees or any other payments due to the University then the University shall take action in line with the University's [Student Debt Recovery Policy](#). We can impose sanctions including but not limited to the removal of your IT and library access. If, following warnings, you still fail to pay your Course fees then the University may cancel this Contract and you may be **withdrawn** from your Course, or the University may refuse to allow you to progress and you may not be permitted to register for further academic years. The University may take legal action to recover any unpaid debt.
- 10.7 If a **sponsor** has agreed to pay all or part of your Course fees, you will still be primarily liable for the payment of the Course fees. If your sponsor fails to pay part or all of your Course fees, you must pay any unpaid fees.
- 10.8 If you **withdraw or are withdrawn** from your studies (either temporarily or permanently), your fees will be amended in line with the University's [Fee Liability Policy](#) . Any refund of Course fees will be made in accordance with the Supplementary Documents and any refund policy in force from time to time.
- 10.9 If you have **material arrears of rental fees** for University managed accommodation or other material academic-related or non-academic debt, which are unpaid at the end of your Course, you will not be permitted to attend a graduation ceremony and your academic award will be made *in absentia*.
- 10.10 If after completing your Course you have **academic debt**, including unpaid Course fees, then the University will follow the [Student Debt Recovery Policy](#). The University will withhold the award of your degree and you will not be permitted to graduate until the arrears have been paid

11 Course changes

- 111 The University will use all reasonable endeavours to deliver your Course as described in the Offer and Prospectus and ensure that any changes to your Course are kept to a minimum. However, circumstances may change and it may be necessary to make minor variations or material changes to your Course or, in exceptional circumstances, to cancel your Course.
- 112 The University may make **minor variations** to your Course, including (but not limited to) changes to module content, assessment weightings or modes of delivery in response to student feedback, updated research or best practice, updating the syllabus (including in response to academic research or student feedback), adjusting assessment weightings, timetabling requirements or alterations due to staff changes (which may mean it is no longer possible to teach a module which was dependent on staff expertise or the content of a module may need to be revised).
- 113 The Prospectus provides an indication of optional modules and the University does not guarantee that optional modules will be available or that students will get their choices or preferred combinations. Whether optional modules run is also dependent upon how many students wish to take up that option. If a module is undersubscribed it may not run; if a module is over-subscribed then priority will be given to those students for whom the module

is a core module and any remaining places will be fairly allocated. Optional modules are also subject to timetabling and may be grouped; if so you will choose a set number of optional modules from any particular group.

- 114 The University may occasionally need to make **material changes** to your course (such as a change to course title, the nature of the award, a change to core modules or a significantly different course structure, mode of delivery or assessment). Changes may also be needed because of circumstances outside the reasonable control of the University, including (but not limited to) unanticipated staff changes, responses necessary to meet the latest requirements of a commissioning or accrediting body (for example, changing the modules on a course to ensure that the accreditation can still be awarded) or adherence to advice from the UK government or a regulatory body.
- 11.4.1 If the University needs to make material changes to your Course **before you register at the University** we shall let you know as soon as possible. If you are unhappy with the changes you may cancel this Contract and withdraw your application without any liability for Course fees (even if the cancellation period has expired).
- 11.4.2 If The University needs to make material changes to your Course **after you have registered** then we will make reasonable endeavours to consult with you and will notify you of the changes as soon as possible. The University will take reasonable steps to minimise any adverse effect of the changes. If you do not want to continue on your Course then the University will try to transfer you to a suitable alternative course of study at the University. If you are dissatisfied with the alternative course of study proposed and consider that the material changes to your course have adversely affected you, you will be entitled to withdraw from your course without any further liability for course fees. The University would also make reasonable endeavours to help you transfer onto an alternative course with a different UK Higher Education provider. The University may also refund to you any course fees which you have paid up to withdrawal if it considers that the material changes adversely affect you, and will consider this on a case by case basis depending on the circumstances. We will also consider compensation on a case by case for any reasonable evidenced losses which cannot be mitigated and would otherwise not have been incurred, as a result of the adverse impact of the material course changes.
- 11.5 If your Course includes an **optional or mandatory period of study abroad** and despite using reasonable endeavours, or due to matters beyond our control, it is not possible to secure this, the University will transfer you to a non-study abroad version of your Course, provided always that you are in good academic standing.
- 11.6 If your Course includes the option for you to apply for a **placement**, it is your responsibility to apply for and secure a placement. If you are successful, then the placement will form part of your Course. If you are not able to secure a placement the University will transfer you to non-placement version of your Course, provided always that you are in good academic standing.
- 11.7 If your Course includes a compulsory industry placement or practice learning arranged by the University as part of your Course, the University will use reasonable endeavours to put this in place. If it is not reasonably possible to arrange this (including but not limited to circumstances outside the University's control) the University will transfer you to non-

placement version of your Course, or a reasonably suitable alternative course, provided always that you are in good academic standing.

- 11.8 You must satisfy any legal or other reasonable requirements of the placement provider, including any vaccinations. The University will not be liable for any failure to complete your Course if you have not satisfied any legal requirements of a placement provider, you fail to complete a placement or if you do not meet the standards required for satisfactory completion of a placement.
- 11.9 It is your responsibility to satisfy all academic requirements to take up a placement or period of study abroad; if you do not then your offer of a placement or period of study abroad may be withdrawn and you will be transferred to a non-placement/study abroad version of your course or reasonable suitable alternative.
- 11.10 Indicative **optional electives and pathways** as part of Sussex Choice are given in the Prospectus. These are kept under review and the electives and pathways which will be available in an academic year will be confirmed at the start of each academic year. Eligibility for electives and pathways depends on which Course you are taking; most single honours students will be eligible (but joint honours will not) but eligibility may vary from time to time. If you are eligible, you will be asked whether you would like to choose an optional elective and/or pathway from the selection available for that academic year once you have registered. For some courses, students will be required to choose electives to make up the credits in an academic year. The University cannot guarantee that all electives and pathways will run in each academic year.
- 11.11 The University will act in accordance with its [student protection plan](#) which outlines risks to Courses delivered by the University, and measures in place to mitigate those risks.

12 Course Cancellation and Oversubscription

- 12.1 In rare circumstances, **the University may need to discontinue your Course**. Possible reasons for discontinuing your Course include (but are not limited to) loss of professional accreditation for the Course, loss of specialist teaching staff or insufficient students registered on the Course to deliver a satisfactory quality of education.
- 12.2 If the University cancels your Course **prior to you registering at the University**, we will notify you as soon as possible and we will use reasonable endeavours to provide a suitable replacement course. If you are unhappy with a replacement course provided, or if the University is unable to provide a suitable replacement course, you may cancel this Contract and withdraw your application without any liability for Course fees (even if the cancellation period has expired). We will also consider paying compensation for any reasonable evidenced expenses you incur as a result of the course cancellation.
- 12.3 If the University cancels your Course **after you have registered at the University**, we will notify you as soon as possible and we will use reasonable endeavours to transfer you to a suitable replacement course. If you are unhappy with a replacement course provided, or if the University is unable to provide a suitable replacement course, you may cancel this Contract and withdraw from the University without any further liability for Course fees (even if the cancellation period has expired) and you will receive a refund of tuition fees paid up to the date of withdrawal. We will also consider paying compensation for any reasonable evidenced expenses you incur as a result of the course cancellation.

- 12.4 If your Course is cancelled and you do not wish to transfer to an alternative course at the University (or none is available) we will use reasonable endeavours to help you find an alternative comparable course with another UK Higher Education provider. We will consider paying financial recompense if your Course is cancelled and you have reasonable evidenced expenses for starting a suitable course at another institution.
- 12.5 Exceptionally, a Course may be **oversubscribed** and we might be unable to accommodate applicants on a Course who met the conditions of their Offer. This is likely to be very rare and usually only occur if there is a UK Government or Professional, Statutory or Regulatory Body limit imposed on student numbers. If we were unable to accommodate those applicants, we will provide different options, including deferral, offering a place on a different Course or helping find an alternative comparable course with another UK Higher Education provider. We will also consider paying financial recompense depending on the option chosen, for example paying reasonable evidenced expenses for finding a suitable course at another institution. For further information please see the [Student Protection Plan](#).
